ACCIDENTS AND HOSPITAL ITEMS .- Last even ing, as the tugboat Withe was coming to along side of the steamer Jersey Blue, the fireman of the former, named Richard Shaw, in attempting to effect a landing, was caught between the two boats and had his legs badly crushed. Mr. William Brown, of the Harbor Police, removed

Shaw to the Hospital. Yesterday afternoon an old man named John Yager, residing in a small court at the rear of No. 317 Jarden atrect, was caught between two cars at Fifth and Willow streets, and so jammed cars at Fifth and Willow streets, and so jammed as to require some of the iron work to be cut away before he could be extricated. He was finally relieved of his paintal position, and removed to the Pennsylvania Hospital. It is thought he is ratally injured.

A boy fourteen years of age, ramed William Megarry, an inmate of the Pennsylvania Hospital, accidentally tell down a stairway yesterday morning, and was so badly injured that he died speedily. The Coroner held the customary innuest in the case.

mquest in the case.

Daniel Dungon, a railroad employe, made a misstep and iell down an embankment on the line of the Baltimore Railroad yesterday, and severely injured his hip. He was taken to the Pennsylvania Hospital.

Kate Holmes, a young woman, was admitted to the Hospital yesterday, with her head badly cut by being struck with a piece of iron, in the hands of a woman with whom she was

A GRAVE YARD DIFFICULTY .- In the Court of Common Pleas, Judge Altison presiding, a bill in equity has been brought by the First Presby-terian Church of the Northern Liberties, et al., against the Second Presbyterian Church and others, to restrain the latter from proceeding to remove the bodies from the grave yard on Buttonwood street, between Pifth and Sixth. The First Presbyterian Church is a branch of the Second Presbyterian Church, and it is claimed that in the corporation and grant of privileges the right of burial was reserved in the ground which adjoins the church on Button wood street, After an argument, involving the corporate as well as individual rights of the members of the First Presbyterian Church, the case was held under advisement by Judge Allison.

SERIOUS ACCIDENT TO MR. BULLOUK .- Mr. William Bullock, who sustained a serious accident by having his right toot caught in a press at No. 124 Exchange Place, being crushed and lacerated, and of which The Evening Tele-GRAPH of yesterday contained an account, is the inventor of the "Bullock" printing press, which promises soon to come into general use.

COMMITTEE ON FIRE AND TRUSTS .- The Committee of Councils was in session last evening, at the office of the Chief Engineer of the Fire Department. Presidents of various fire compa-nies of southern districts, were present by tavitation, to devise means for the checking of all further demonstrations or ill-will between their respective adherents. A special committee was appointed, and another meeting arranged for next Tuesday evening.

A HAPPY APPAIR.—General Harrison Lodge, No. 133, I. O. of O. F., on Monday evening last, presented its treasurer, John C. Sherborne, with an elaborately engroseed series of resolutions, testitying the approval of the organization of his services for the past twenty years. The resolutions were handsomely framed. After the presentation, a very pleasant social was had, which will long be remembered.

RECEIPTS FROM WATER RENTS .- The receipts for water rents during the quarter just ended make a total of \$185,580, exhibiting quite a large decrease compared with the receipts during the same period in 1866. All bills unpaid on the 1st of May will have a penalty of 5 per

A Coroner's Inquest was Held Yesterday afternoon on the body of George Speel, aged 73 years, who died suddenly at the public house of Mr. Layer, Point Breeze. The old man ate a hearty supper on Monday evening, and was in his usual good health. He died about 11 o'clock the same night.

THE SOLDIERS' HOME .- During the month of March 45 persons were admitted to the Soldiers' Home, 78 were discharged or left, and 1 died, leaving 157 in the institution on the 1st of

Fire.—Yesterday afternoon, by some means unknown, the roof of the dry nouse attached to Matthew Gorgas' mill, on the Wissanickon creek, was burnt off. Loss, \$2000.

DISASTERS.

Shir Brewster, Collins, from New York 14th ult. for Satt Francisco, returned yesterdayleaky. Morning of March 18, in lat. 3s 40, ion, 85 45, in a heavy gale sprong a leak. The sea breaking over her stern had started the stern planking, causing a bad leak, and was compelled to throw everheard portions of the cargo to lighten the ship aft. Sounded well, and found three and one-half feet water in the hold. The ship was nove to, and both pumps were kept going for thirteen hours before she was perceptibly relieved of water, but the ship labored so badly it was impossible to proceed on the voyage. One pump waskeptgoing all the time, and the crew were very much exhausted. On the EM encountered another tremendous male from the ENE, washed away bulwarks and spare spars, drawing bolts from decks; the first mate was wasted under a spar, breaking his leg; two men were thrown over the wheel, and badly injured, and four others allogether disabled. Both pumps weregoing fourteen nours before the ship was free from water. The hatchleuses and galley-doors were stove in, and the ship found to have a list to port of about three streaks, caused by cargo settling over to port while hove to. Lost foretopsail, foretopmasi staysall, and split saveral other sails.

NOTICE TO MARINERS.

East Const.—Pakened Gatway.—Notice is hereby given that considerable changes have taken place in the Newcome and Barnard Sands, by which the depth of water of fifteen feet in the Pakefield Gatway has been reduced to three and a half cables in width; and that consequently thereupon the following alterations will be immediately Carried into effect.—
The South Newcome Buoy will be moved two and a quarter cables to the southward.
The East Barnard Buoy will be moved two and three-quarter cables to the N.NE; and
The direction of the red light shown from the Kessingland Lightbouse will be altered to correspond with the change in the Gatway.

MEDICAL ELECTRICITY. Latest and Most Important Discoveries in the Treatment of Chronic

Diseases. DR. S. W. BECKWITH'S

ELECTRICAL . INSTITUTE,

No. 1220 WALNUT Street. During our investigations in the treatment of disease in its various forms by the agency of electricity, we have obtained very many valuable and startling facts, which, added to the previous though limited information possessed by other and less fortunate operators, place us beyond all previous knowledge of this mysterious agent. During the course of our pracice we have treated and cured, through the knowledge thus gained, many thousands, and by means of our new discoveries have established ourselves as the most successful Medical Electricians in this country or Europe.

Electrical investigation has proved that the human body acts on the principle of the galvanic battery. The brain, mucous and serous membranes, the skin tissues, and fluids, constitute the negative and posttive lorces, and every action, whether mental or physical, is the result of these antagonistic forces. Digestion, respiration, circulation, secretion, and excretion are due solely to electrical influence. There is a polar action established throughout the nervous system which connects with every part of the body, establishng and preserving a proper balance of the electrical element which constitutes health, and a disturbance of which causes disease. There are strictly but two conditions of disease-one of inflammation or postive; the other, weak, debilitated, negative-and as electricity contains these two conditions in the action of the positive and negative currents, all we have to do is to neutralize the disease and restore proper healthy action.

Among the chronic diseases in which electricity has been and is daily being, by our agency, of the greatest utility, a cure being rapidly effected after the failure

utility, a cure being rapidly effected after the failure of all other means, are:

1. Epilepsy, Chorea, or St. Vitus' Dance, Paralysis (Hemplegia), Neuralgia, Hysteria, Nervousness, Palpitation of the Heart, Lockiaw, etc.

2. Sore Throat, Dyspepsia, Diarrhosa, Dysentery, Obstinate Constipation, Hemorrhotis, or Bites, Rilious, Flattient, and Painter's Colic, and all afterious of the Liver and Spiece.

3. Catarrh, Cough, Influenza, Asthma whe caused by organic diseases of the heart), Bronch Fleurisy, Pieurodynia, or Rheumatism of the Consumption in the early stages.

4. Gravel, Diabetes, and Kidney Complaints.

5. Rheumatism, Gout, Lumbago, Stiff Neck, nal Curvature, Hip Diseases, Caucers, Tumors (those last named always cured without pain, or plasters in any form).

5. Riceimatism, Gout, Lumbiago, Suif Neck, mal Curvature, Hip Diseases, Cancers, Tumors (titose lass named always cured without pain, or plasters in any form).

6. Uterus Complaints, involving a mal-position, a Prolabsus, Antroversion, Retroversion, Inflammation, Uteration, and various other affections.

For information desired upon other diseases, application may be made at the office, or by letter.

Mrs. BECK WITH has entire charge of the Laddes' Department, and all delicacy will be used towards those who entrust themselves to her care. In female diseases, it is universally successful in her hands.

For the convenience of those desiring information, we give (by permission) a few names of porsonsaming the best business men and others of this city and elsewhere, whom we have treated and cured—

A. R. Stewart, Mill Creek, Huntingdon county, Pa., cancer of the stomach; John Kirkpatrick, New Casale county, Del., cured of a cancer in the breast in three weeks; Francis Gottwalls, No. 1846 Hamilton street, absorption of a timor weighing eleven pounds; Jacob Vandegrift, Odessa, Del., severe case of diabetes; G. Of Request to the Legislature for the Repeal of the Act of Assembly authorizing the issue of Seven-and-three-tenths Bonds issue of Seven-and-three-tenths Bonds.

Whereas, A supplementary act to the act incorporating the City of Philadelphia, passed
March 30th, 1866, authorizes and empowers the
Councils of the said city to issue bonds to the
amount of five millions of dollars, bearing interest at a rate of seven and three-tenths per

cent, per annum; And whereas, The cause for such extraordinary authority no longer exists, and is unnecessary for the welfare of the City of Philadelphia, as the six per cent, bonds issued by the city are

now selling at the par value;

And whereas, It would be unjust to the Five and Six per cent, bondholders, and deleterious to their interest if Councils should issue said cont. therefore be it. loan; therefore be it

Resolved, By the Select and Common Counclis of the City of Philadelphia, That the Legislature of the State be most respectfully requested to repeal so much of the supplementary act to the act incorporating the City of Philadelphia, approved March 30th, 1866, as gives the Councils of the said city the authority to issue bonds bearing an interest at the rate of seven and

three-tenths per cent, per annum.
